26 <sup>1</sup> If plaintiff seeks relief from the court, she is advised to style her requests for relief as motions or  
27 stipulations under Local Rule IA 7-1(b). Filing a document as a motion or a stipulation triggers the court's  
28 electronic filing system to mark the document as an action item for the court. When a request is styled as  
a motion, it also triggers the opposing party's response deadline and the movant's reply deadline, thereby  
giving all parties the opportunity to be heard before the court decides the motion.
